This word list has been developed to help students learn Wolof, the language of Senegal. It can be downloaded here or on the wonderful site titled “The Language of the Wolof of Senegal” at

<http://www.bcconline.org/wolof/Language/Wolof%20Language%20Guide.htm>.

We strongly recommend this site to anyone interested in learning Caabi Wolof. It offers a great wealth of information on the Wolof people and language, as well as many recommendations of texts and other sites that will be useful. The author invites students learning Wolof to contact [shawyer@pastornet.net.au](mailto:shawyer@pastornet.net.au) with corrections. We are sure that suggestions and questions would also be welcome.
